## SC PERFORMANCE GOAL

### 2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

### 2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Greetings from Boiling Springs Elementary School! What a great year this has been! We pride ourselves on identifying each child's individual strengths and weaknesses in an effort to provide exemplary academic experiences. In addition, we provide numerous opportunities for our students to learn more about making good choices in order to become productive citizens. Our students have participated in Jump Rope for Heart, collected canned goods for the needy, and donated supplies to the Animal Shelter. Two parent nights have been offered this year to share information about the PASS test and about what children should know and do at each grade level. In addition, participation in local athletic associations, as well as cultural experiences, is encouraged. It is important to us to work together with parents and community members to develop a team approach to helping our children become successful.

Our children are incredible! As a result of their hard work and commitment to doing their best, students have made great academic strides. We have seen growth on our school's overall MAP scores and expect to see growth with the PASS results. Our students and teachers have set goals and worked diligently to reach them. Additional materials have been provided for the teachers to help meet the needs of all learners. We purchased a set of iPods, sets of nonfiction books that correlate with science and social studies grade-level standards, Promethean Board slates with projectors for all third- and fourth-grade classrooms, online subscriptions to BrainPop! and BookFlix, math manipulatives, and science materials for the kindergarten classrooms. The most current technology and classroom materials have helped our teachers to present grade level standards in a variety of meaningful and effective ways.

With the help of our teachers, parents, and community members, our PTA has continued to provide outstanding support for our school. Our PTA purchased classroom supplies, assisted with student recognition in numerous ways, welcomed parents and grandparents into our building for breakfast, hosted our annual Spring Carnival, and continued to offer opportunities for parents to be a part of our school. Our community offers a wealth of resources. Local businesses constantly provide gift certificates, coupons, services, and time that benefit our school and the children.

It is a primary goal of BSES to constantly evaluate our overall effectiveness as a school. During the 2008-2009 school year, we have made a positive effort toward developing a learning community for students, teachers, and parents. We have continued to provide a safe and secure location for children to learn. A sense of community has been created in a building that is clean, attractive, warm, and inviting for all. We believe that our school building, the learning environment, the children who attend the school, the parents who support us, and the community that encourages our growth set us apart from other schools.

Boiling Springs Elementary School is a special place to learn and grow. We are so thankful for the wonderful students that we have the privilege to work with every day. Thank you for sharing your precious children with us.
